## Welcome to the Fair - Year of the Chicken and Duck

We are happy to be able to host a modified in person fair for 2021! We have all grappled with the challenges of a global pandemic for well over year now, and with restrictions easing we are excited to be able to offer a small event that allows us to fulfill our organization's purpose.

We are ready to put a difficult period of time behind us and move on with what we do best!

2020 was scheduled to be the year of the chicken, and 2021 the year of the duck. Since we were unable to showcase the chicken last year, we proudly proclaim 2021 the "Year of the Chicken and Duck".

We thank everyone for continuing to support our organization and look forward to seeing everyone (from a distance of course) at the Fair!

## Fair Gates Open

## **4-H Information**

4-H is an educational program providing the opportunity for urban as well as rural youth to learn valued agricultural and handicraft skills in wide-ranging topics: from animal, plant, and soil sciences; through mechanics, photography, and creative arts. The projects are limited only by the number of adults willing to facilitate each group. For example, youth can train a dog, raise a chicken, fix small engines, or produce fine art. Age-appropriate skills are acquired in looking after and handling the project; during that process, young people learn management skills.

Opportunities for learning the skills of leadership are found in every phase of 4-H work. A large variety of travel opportunities are offered due to organization across Canada by club, district, region, and province.

All 4-H projects that are made and raised throughout the year in our District are on display at the Fair. The 4-H awards system is designed to aid the individual personal development of the member. Awards are given on the basis of a member's personal growth or achievement, where a member is rated against their own experience and capacity as compared to a standard. All badges and certificates are awarded on this basis. 4-H is a highly respected program for which students can receive high school credits.

Boys and girls who have reached their 6th birthday by midnight, December 31 of the previous year and who have not reached their 22nd birthday by midnight December 31 of the previous year are eligible for membership in a 4-H club. The enrollment deadline is March 1 for all clubs.

### **Message from President of Parksville-Qualicum 4-H**

It is wonderful to be able to welcome you back to the "Coombs Fair" this year! Last year you supported the fair with a drive thru virtual fair, as we made the best of the covid situation. This year we can enjoy it in person while celebrating together, that life is slowly returning to "normal".

So, once more, you will be able to see the sights firsthand, smell the smells, hear the noises, touch or pet live animals, and taste the typical fair treats! Farming folks will happily discuss their practices with you, and no one is more eager to do this than the participating Parksville-Qualicum Beach 4- H members!

4-H members from all over the island, eagerly await the fall fairs to demonstrate their hard work over the past year's months, to showcase their projects and to share their unique farming knowledge with you. We support and applaud their participation in making the Coombs Fair even more special.

Finally, thank you one and all, for visiting the 2021 Coombs fair organized by the Arrowsmith Agricultural Association. YOU do make all the difference!
